13:15-13:40	US Military RDCR: current concept	Joseph Rappold
13:40-14:10	US DoD Blood and DCR Research Program -Overview	Anthony Pusateri
14:10-14:20	Discussion	

Coffee Break

### **RDCR Need and Current Experience Session**

Moderators: Geir Strandenes and Mike Dubick

14:40-15:10	RDCR military experience	Timothy Hooper
15:10-15:40	RDCR Civilian experience	Donald Jenkins
15:40-15:50	Coffee break	
15:50-16:20	Civilian Examples of RDCR need – Norwegian Disaster	Terje Strand
16:20-16:30	Discussion	

Break

### **Monitoring and Mechanisms**

Moderators Jostein Hagemo and Andre Cap

17:00-17:20	Microcirculation effects of shock and coagulopathy	Kevin Ward
17:20-17:40	Pre-hospital monitoring of coagulopathy	Jostein Hagemo
17:40-18:00	Coffee break	
18:00-18:30	Acute coagulopathy of trauma	Ross Davenport
18:30-18:50	TBI, acots and interventions prehosp.	Marc Maegele
18:50-19:00	Discussion 15 min	

Dinner and social event 20:00

**June 20<sup>th</sup> - Wednesday**

08:00-09:00 Breakfast and exhibition

**Whole blood session**

Moderators: Donald Jenkins and Marc Maegele

09:00-09:30	Indications, risks and benefits of FWB for RDCR	Philip Spinella
09:30-09:50	FWB for RDCR: results from a training program	Geir Strandenes
09:50-10:10	FWB experience from a forward surgical unit	Shawn Nessen
10:10-10:30	Coffee break	
10:30-10:50	FWB storage research	Andre Cap
10:50-11:10	FWB PRT Research Program	Heather Reddy
11:10-11:20	Discussion	
11:20-11:30	Break	

**Plasma Risks and Benefits**

Moderators: Ross Davenport and Phillip Spinella

11:30-11:50	Risks of Plasma and rapid testing TTID	Richard Gonzales
11:50-12:20	Potential mechanisms of plasma benefits	Shibani Pati
12:20-12:30	Discussion	

LUNCH

**Lyophilized Plasma Session**

Moderators: Tor Hervig and Michael B Given

13:30-14:00	French clinical trial of lyophilized plasma	Anne Salloil
14:00-14:25	Lyophilized plasma research	Martin Schreiber
14:25-14:35	Break	
14:35-15:00	German experience with lyophilized plasma Kerschowski,	LtCol Jürgen
15:00-15:15	Hemcon lyophilized plasma program	Victor MacDonald
15:15-15:30	Entegriion lyophilized plasma program	Mike Galiger
15:30-15:45	Discussion	

BREAK

**Dried or Artificial platelets and red cells**

Moderators: Richard Gonzales and Anthony Pusateri

16:15-16:30	Cellphire Dried Platelet Program	Mike Fitzpatrick
16:30-16:45	Entegriion Dried Platelet Program	Joe Dacorta
16:45-17:05	Israeli Freeze Dried RBC Program	Amir Arav
17:05-17:15	Discussion	

**Procoagulants and Antifibrinolytics**

Moderators Tor Hervig and Allan Murdoch

17:15-17:35	Tranexamic acid	Joseph Rappold
17:35-18:00	Fibrinogen, PCC and rFVIIa Concentrates	Dietmar Fries
18:00-18:15	Discussion	

**1815-2000 Exhibition**

**2000 - Social event and dinner at Solstrand Hotel and Spa  
(Lobster Norwegicus included)**

**June 21<sup>st</sup> – Thursday**

08:00-09:00 Breakfast and exhibition

**Shock and coagulopathy. Monitoring session II**

Moderators: Jostein Hagemo and Marc Maegele

09:00-09:20	Remote TEG and noninvasive monitoring of shock	Kevin Ward
09:20-09:40	NIRS Derived Tissue Oxygenation	M. Schreiber
09:40-09:50	Discussion	
09:50-10:05	Coffee break	

Moderators: Hans Morten Lossius and Geir Strandenes

10:05-10:35 A civilian pre-hospital approach to hemorrhage control David Lockey

10:35-11:00 RDCR : Todays recommendations/best practice Bob Gerhardt

11:00-11:10 Discussion

Coffee Break

### **Conference Summary**

Moderators Erling Rein, Tor Hervig, David Lockey, Geir Strandenes, and Philip Spinella

11:30-12:30 Best practice: RDCR Summary Session
